“Village of Hope” – Farming Cooperative

Through our program of “RISEN Together” we have established a farming coop at the refugee center (Village of Hope) in Butoloogo, Western Uganda.

We have registered approximately 350 widows to be members of the coop. In early February the women cleared and prepared approximately two acres of land and our ministry provided enough Irish seed potatoes to fill the plot. After the potatoes are harvested each family will receive a portion for food and the balance will be taken to market to be sold. The proceeds of the sale of the potatoes will be returned to the administrator of the coop. These funds will be used to purchase the seed for the next crop, purchase any tools needed and the balance will be distributed among the coop members

Temporary structure to house secondary and primary school.

In the “Village of Hope” refugee center there are approximately 450 school age children. There are no structures at the camp and the children have their classes under trees to protect them from the sun. During the rainy season classes are not held.

There are only two certified teachers currently working and text books and other supplies are greatly needed.

It is our hope, that in the not too distant future, our “RISEN Together” program of “Kids 4 Kids” will be able to build a permanent school building, help increase the number of teachers and provide the supplies needed. For now, we are looking to build this temporary shed structure to protect the children from the rain. Cost for the material is approx. \$ 2500.00 and the labor to construct will be provided by the community.

Revealing Light Trauma Healing Centers

Currently we have established centers in the following countries:

USA, Rwanda, Uganda, Burundi, Congo, South Sudan, Ethiopia, Kenya, Liberia, Ivory Coast, India and Pakistan.

Apostolic centres where we pray for each nation's deliverance from the "Strongman of Trauma". Teaching and equipping church leaders in spiritual warfare.

Feed My Starving Children

RISEN Together is partnering with FMSC to provide vitamin and mineral fortified rice packs to East Africa. Each serving provides all the daily nutrition required for a malnourished child or adult.

In February we sent 31,000 meals to Wau, South Sudan.

We are looking for partners to help us finance the cost of shipping.
